

ADRA Walk A Mile In My Shoes Challenge

I am taking ADRA's Walk A Mile In My Shoes Challenge. Hurricane Dorian was the worst natural disaster to affect The Bahamas, for days some persons clung to trees to survive this storm; during & after the storm, many walked miles to find some level of safety; in continued support of emergency efforts the continued development of The Bahamas, I am dedicating my exercise to this cause. Please support me by making a donation, every dollar counts.
